EDUCATION

FSC (Pre-Medical)

KIPS College

2020-2022

BS MEDICAL LABORATORY TECHNOLOGY

Government College University,
Lahore

2022-2026

CGPA 3.27

SKILLS

- Handling Laboratory equipment
- Analyzing and reporting lab results
- Basic and Routine tests
- Problem solving
- Multi-tasking
- Time management
- Safety and compliance

LANGUAGE

- English
- Urdu
- Punjabi

PROFILE

Dedicated and detail-oriented BS Medical Laboratory Technology graduate with hands-on internship experience in high-volume hospital laboratories. Proven ability to accurately perform diagnostic testing across hematology, histopathology, microbiology, and clinical biochemistry. Committed to maintaining strict quality control (QC) and biosafety standards while contributing to efficient patient care teams. Seeking to leverage my technical skills in a challenging MLT internship.

WORK EXPERIENCE

Nov 2024 - Dec 2024

Pathology Department Mayo Hospital, Lahore

- **Histopathology:** Assisted in tissue processing, operated rotatory microtomes for precision sectioning and slide preparation and performed routine H&E staining.
- **Microbiology:** Cultured clinical specimens, executed Gram staining, and assisted in identifying pathogens and reading antibiotic susceptibility testing (AST).

July 2025 - August 2025

Genome Center Lahore

- Operated automated chemistry analyzers to run routine and special chemistry panels (LFTs, RFTs, Lipid profiles and Hormone testing). Operated automated hematology analyzers to perform routine Complete Blood Counts (CBC) with 3-part and 5-part differentials.
